

Bad Honnef Physics School

Supported by the Wilhelm and Else Heraeus-Foundation

Physics and Astrophysics of Gravitational Waves

8 - 13 September, 2019, Physikzentrum Bad Honnef, Germany

Organised by

Gerhard Schäfer (FSU Jena), Bernd Brügmann (FSU Jena), Kostas Kokkotas (EKU Tübingen)

For PhD and Master Students

Lecturers

Luc Blanchet
(CNRS, Sorbonne Université, Paris)

Valerie Domcke
(DESY, Hamburg, Germany)

Gabriela González
(Louisiana State University, USA)

Mark Hannam
(University of Cardiff, Great Britain)

Piotr Jaranowski
(University of Białystok, Poland)

Kostas Kokkotas
(University of Tübingen, Germany)

Andrzej Królak
(Polish Academy of Sciences, Warsaw)

Claus Lämmerzahl
(ZARM, University of Bremen, Germany)

Ewald Müller
(MPI for Astrophysics, Garching, Germany)

Luciano Rezzolla
(Goethe University of Frankfurt, Germany)

Gerhard Schäfer
(University of Jena, Germany)

Fees:

Covering full board and lodging at the Physikzentrum Bad Honnef
200 € (for DPG members 100 €).
