

Dear authors,

Thank you very much for join in our publication at Springer publishers in Heidelberg. The length paper should be between 35.000 and 45.000 characters (no spaces), around 15 to 20 pages plus bibliography.

Springer gives a very detailed description of the layout, etc. For those of you who are interested: <https://www.springer.com/de/authors-editors/book-authors-editors/manuscript-preparation/5636> Do not worry too much about all the details. The best thing is, if you do no formatting of your text. We will copy it in the template, and everything will be fine :-)

However, please care about the following points:

Each of your papers will be a chapter of the book. Please do not number your chapter. All sections within a chapter should be numbered (subsections, double numbered. Please use no third level headings)

Figures should all have a number (starting from 1 within each chapter) and a caption.

References should, if possible, be in the same style throughout in the text (name, date):

- One author: (Miller 1991, p. 47-9)
- Two authors: (Miller and Smith 1994)
- Three authors or more: (Miller et al. 1995)
- Any pages, figures etc. referred to specifically should be given in the text with the citations, as (Smith and Jones 1997, Fig. 4)

For the bibliography at the end of your paper, please see the next page.

Thank you very much for your efforts!

Best regards,

Christian Forstner, Dieter Hoffmann, and Mark Walker
