

CALL FOR TOPIC PROPOSALS!!

Photonics Society is announcing a call for proposals for Summer/Winter Topical Meeting series 2011. Eight topics will be selected from the proposals submitted to the Photonics Society which will form each conference each consisting of four topics. Those submitting topic proposals, if accepted, will be expected to organize and plan the topic.

If you are an enthusiastic individual willing to spend some time managing one of the topics at the conference we encourage you to consider submitting your proposal for Photonics Society Winter/Summer Topical Meeting series. All Photonics Society related areas of research will be considered, and the Photonics Society staff would be assisting you every step of the way and with every aspect of the conference.

Conference Description:

The Topical Meeting Series serves as an international forum to facilitate information exchange between various technical communities using or affected by rapidly growing areas of technology or "Hot Topics" related to the general field of Photonics. The conference is limited to 4 topicals. Each topical should target a minimum of 30 presentations and should encompass both invited and contributed papers.

ALL TOPIC PROPOSALS MUST BE SUBMITTED NO LATER THAN:

FEBRUARY 22, 2010 FOR THE 2011 SERIES
