

# Call for Papers

## OSA-IEEE-ICOME2011

**International Conference on Micro/Nano Optical Engineering**

**June 12-16, 2011, Changchun, China**

**Deadline for Submission of Abstracts: April 12th, 2011**

Submit your abstracts at <http://ICOME2011.csp.escience.cn>

ICOME is to create a forum for scientists in Micro/Nano optics from universities and research institutions worldwide to present their latest research results in Micro/Nano optics, and to provide a networking platform for the Micro/Nano optics community to develop a roadmap for research and development in the future. ICOME will not only provide a venue for an in-depth scientific exchange, but also an opportunity to find potential collaborations and funding sources internationally, especially together with China.

### **Scopes**

- ✧ Nano-optical materials
- ✧ Lithography of light emitting polymers
- ✧ Nano-optical devices
- ✧ Nano-electro-optics
- ✧ Near-field optics
- ✧ Nanophotonics

### **Important Deadlines**

- ✧ Deadline for Submission of Abstracts: April 12th, 2011
- ✧ Deadline for Submission of Manuscripts: June 12th, 2011

**Select papers will be published in the conference proceedings of IEEE, Optics and Precision Engineering (an EI indexed journal) or Chinese Journal of Optics.**

### **Supports**

Ministry of Science and Technology (MOST) of the People's Republic of China  
National Nature Science Foundation of China (NSFC)  
Chinese Academy of Sciences (CAS)

**General Co-chairs:**

Prof. Stephen Y. Chou	Princeton University, U.S.A.
Prof. Hans Zappe	University of Freiburg, Germany
Prof. Tianhong Cui	University of Minnesota, U.S.A.
Prof. Yihui Wu	CIOMP-CAS, China

**Co-organized by:**

Changchun Institute of Optics, Fine Mechanics and Physics (CIOMP), CAS  
State Key Laboratory on Integrated Optoelectronics  
National Key Laboratory of Science and Technology on Micro/Nano Fabrication
