

Dear colleagues,

With this BP newsletter, we would like to announce the upcoming **2019 DPG spring meeting of the Condensed Matter Section (SKM)** at the University of Regensburg, from **March 31 – April 5, 2019**, with around 5.000 expected participants. The online registration will open on October 1st, 2018. Please register and hand in your abstract for a talk or a poster!

For more information, please visit <http://regensburg19.dpg-tagungen.de/>

For your calendars:

December 1, 2018: deadline for abstract submission (poster or talk)

February 15, 2019: deadline for online registration (early-bird fee)

March 27, 2019: deadline for online registration (normal fee)

Registration (but no abstract submission) on site will be possible as well.

Please note that abstract submission and online registration are two independent steps. During abstract submission, you have to place your abstract into one out of several categories, which correspond roughly to the planned sessions. There might be changes during the final scheduling, but your choice helps the organizers to better plan the schedule. Thanks in advance for making an appropriate pre-selection.

We ask all group leaders to make pre-selection of contributions within their group and have at most two contributions submitted as talks. All further contributions are very much invited as posters. Exceptions are possible in special cases, please let us know and we will try to accommodate your requests.

Apart from our **14 BP session categories**, you can also participate in **two Focus Sessions** on “Collective dynamics in neural networks” (organized by Johannes Zierenberg and Viola Priesemann) and “Physics of Cilia: Dynamics of synchronized oscillators across scales” (organized by Benjamin Friedrich and Veikko Geyer).

Further, the SKM Committee followed BP’s suggestion to invite **Matthias Rief** (TU Munich) as a **plenary speaker**.

BP will also support the joint symposia (fachübergreifende Symposien) on “**Physics of Self-Organization in DNA Nanostructures (SYDN)**” and “**Patterns in Nature: Origins, Universality, Functions (SYPN)**” organized by members of the CPP and the DY divisions, respectively.

Announcements

Financial Support for young physicists to participate in spring meetings available

The WE Heraeus Communication Programme of the DPG provides financial support to young physicists in an early period of their scientific career (Master, Diplom or PhD thesis) for the participation in the DPG spring meetings! Application deadline is **February 15, 2019**. Further information on the programme:

<http://www.dpg-physik.de/programme/heraeus/fruehjahrstagungen-heraeus.html?lang=en&>

SKM Dissertationspreis

The Condensed Matter Section (SKM) invites nominations for this year’s “**Dissertationspreis**”, which will be awarded at the upcoming spring meeting during the “SKM Dissertationspreis (SYSD)” Symposium in Dresden. Aim is the approval of outstanding dissertations and their excellent presentation during the meeting. All finalists will have the chance to present their research projects and will be supported with a travel award (500 €); the winner will receive 1500 prize money €.

Supervisors are asked to submit the requested documents by **October 15, 2018** at the latest to Prof. Dr. Runge (erich.runge@tu-ilmenau.de). Please see the official announcement here: https://www.dpg-physik.de/preise/ausschreibung_disspreise_2019.pdf

NJP Early Career Award

The New Journal of Physics (NJP) created the Early Career Award to support early career scientists. The winner will receive 3000 €; one full article publication charge waiver to be used in NJP by the end of the year following the award, and 50% waiver on the next two papers; and awarded an official certificate. Nomination deadline is **September 30, 2018**.

Further information is available here: <http://iopscience.iop.org/journal/1367-2630/page/early-career-award>

Conferences and Schools

DPG Frühjahrstagung (Spring Meeting) of the Atomic, Molecular, Plasma Physics and Quantum Optics Section (SAMOP): Rostock, March 10–15, 2019. Please see the following website for further details <http://rostock19.dpg-tagungen.de/>

Hotels in Regensburg

It is recommended to reserve rooms (hotel or apartments) in Erlangen early, as they typically are book out fast. Further information is available at <http://regensburg19.dpg-tagungen.de/teilnehmerinfos/unterkunft.html>.

While the mailing list of the DPG cannot be used for direct announcements of conferences and positions, this newsletter (regularly appearing in May/June and October/November) is a suitable way to spread this information. Please let the BP speakers know in advance if you would like to advertise BP related events.

We look forward to seeing you in Regensburg 2019!

With best regards,

Sarah Köster sarah.koester@phys.uni-goettingen.de Georg-August-Universität Göttingen Institut für Röntgenphysik Friedrich-Hund-Platz 1 37077 Göttingen Telefon +49(551)39-9429	Friederike Schmid friederike.schmid@uni-mainz.de Johannes-Gutenberg-Universität Institut für Physik Staudingerweg 7 55099 Mainz Telefon +49(6131)39-20365	Gerhard Gompper g.gompper@fz-juelich.de Forschungszentrum Jülich Institute of Complex Systems 52425 Jülich Telefon +49(2461)61-4012
---	--	--

We would like to encourage everybody to check if he/she is already member of BP. It is important that researchers who are active in this field are also members of our division (note: you can be member of two divisions). To make changes to your membership details, please follow this link: <https://www.dpg-physik.de/mitgliedschaft/formulare/aendern.html>.

For more information, please see: <http://www.dpg-physik.de/dpg/gliederung/fv/bp/index.html>
