

*For early-career researchers, PhD & master students*

**WE-Heraeus-Seminar**

# **Energy Meteorology & Complex Energy Networks**

## **Topics**

- What is energy meteorology?
- Weather prediction, climate change & atm. dynamics
- Challenges of grid operation & security of energy supply
- Economic drivers of energy supply & political targets
- Present and future technologies in renewables
- and more

**SAVE THE DATE**  
**May 2-5, 2027**
